

Unpaid Internship: STEM Partnerships Intern

The Role

Liberty Science Center (LSC) is seeking a detail-oriented, proactive STEM Partnerships Intern to support research and data analysis for our STEM education initiatives. This role provides hands-on experience in education program evaluation, market research, and exploring partnerships within the STEM education landscape.

As the STEM Partnerships Intern, you will assist the department with data entry, research and analysis, and outreach to schools, districts, and community organizations. This position is ideal for a detail-oriented student interested in nonprofit work, education, STEM engagement, or community partnerships, seeking practical experience in administrative and outreach support.

The STEM Partnerships Intern will report to the Director, Partnerships, and work collaboratively with other members of the Partners team.

What You'll Bring

You are passionate about LSC's mission to inspire the next generation of scientists and engineers and are excited to leverage your organizational, research, and data analysis skills to advance it.

What You'll Do

Research & Data Analysis

- Research potential partnership opportunities related to:
 - STEM education organizations
 - Online schools and virtual learning platforms
 - Schools in New Jersey and the New York City area
- Analyze LSC's STEM programming data and compare it to educational trends data
- Other duties and responsibilities as assigned

Deliverables

By the end of the internship, you will:

- Collect and analyze historical booking data for LSC's STEM programs
- Identify trends, participation patterns, scheduling insights, and opportunities for growth

- Prepare analysis summaries and visual reports to support program strategy
- Investigate other institutions with offerings similar to LSC Team's programs (e.g., STEM providers, after-school programs, ed-tech platforms)
- Document program features, pricing, audience, delivery modes, and unique positioning

Preferred Qualifications and Experience

- Pursuing an undergraduate degree or a 2026 graduate of a New Jersey college or university
- STEM background with a focus on streamlining and optimizing processes.
- Ability to thrive within a team setting
- Data analysis and problem-solving skills

Compensation and Schedule

This is an unpaid part-time internship position. Interns will work 15 hours per week over the course of 10 weeks. Interns must be available a minimum of 2 full days per week (Monday - Friday).

Work Culture at a Glimpse

LSC prides itself on fostering a culture that enables all employees to experience a sense of pleasure, passion, and purpose while in the workplace. We believe in embracing and driving change, inspiring fun and learning, and creating a positive and family-friendly team spirit. Our differences as individuals (race, gender, age, cultural heritage, physical ability, education, and lifestyle) are an asset and contribute to our ability to drive innovation. Lastly, at the heart of our work culture is the commitment to delivering a “wow factor” through our exceptional customer service to not only our guests but also one another.

Our Environment

Liberty Science Center is located in a beautiful waterfront state park in Jersey City, New Jersey. Not only is Jersey City easy to get to from any point in Northern NJ and Manhattan, but it also holds the title of the most diverse city in the United States. Employees have access to free parking, the Hudson-Bergen Light Rail, and the NJ Path train. In addition, all employees have access to an on-site café and a terrace with stunning NYC views.

Physical Demands

While performing the duties of this job, on-site work requires the employee to stand for long periods while working with students or the public. The ability to lift 30 pounds is required. The position requires frequent visits to the museum floor (navigating concrete floors, climbing stairs, etc.) and outdoors (navigating uneven ground and being exposed to the elements), and tolerating high levels of noise.

Benefits

- 25% discount in the LSC gift shop

- 15% discount in the on-site café
- Free onsite parking

To Apply:

Submit your resume and a cover letter that highlights why you are the best candidate for this role and how this position will help you achieve your goals. **Email: volunteer@lsc.org**
