

Activities (cont.): 6:00 – 8:30 pm

Robot Ruckus Third Floor, *Microbes Rule!* Play with robots and learn all about circuitry and programming with our user-friendly Mouse Bots to help them find the cheese. **Sign up at lab. Ages 7+.**

Binary Buddy Bracelets

Fourth Floor, *Our Hudson Home*

Computer Code can be tough to understand but not in this lab. Learn the basics of binary code and how it works to make our computers function. At the end, make a binary bracelet. **Ages 7+ only. Sign-ups required at lab.**

For Members Only

Science Camp at LSC: Summer 2019

First Floor, PSE&G Court

Our 2019 offerings have expanded to include fun, hands-on inquiry-based enrichment opportunities for children entering grades one through eight. A Camp Representative will be here so you can learn more about how to plan a summer full of science fun! Members always receive the best rate.

Tonight's Member Only Raffle!

- You are automatically entered upon check-in tonight at the Box Office.
- One entry per membership. Winners posted in PSE&G Court at 7:35 pm.

March Member Madness Returns in 2019!

To thank you for your membership, we'll give away great prizes all month. Visit LSC any day (or every day!) in March to be eligible to win Medieval Times passes, an LSC birthday party, LSC After Dark passes, and more!

Our next **Member Mornings** are March 9 & 10. We will celebrate Dr. Seuss' birthday with a Dr. Seuss story time in the *Eat and Be Eaten* gallery.

Next Member Night – Friday, March 29, 2019

We will celebrate *Women in Science & Art*. Please join us!

Exhibit News!

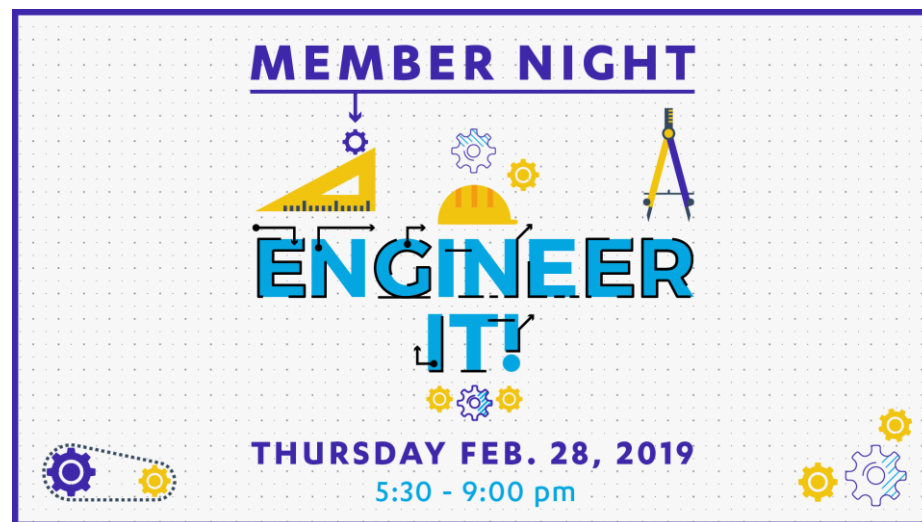

The Lion Guard is now open (Third Floor). Explore the Pride Lands with Kion and his friends! Train with each member of the Lion Guard to protect the balance of the Circle of Life. Enjoy hands-on activities and imaginative play, and discover the importance of teamwork.

Donations to tonight's event provided by:

Behind the Scenes!

Penthouse Tour

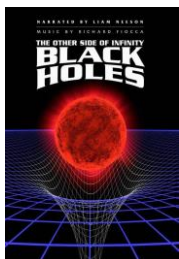

Tour Times: 6:20, 7:00, 7:40 and 8:20 pm (Approximately 30 minutes)
Space is limited. Free but ticket required. Ages 12+ only.

How do LSC engineers keep this beautiful building cool in the summer and warm in the winter? Put on a hard hat and visit our Penthouse to learn how our dedicated engineers keep LSC running! Small group tours led by our Chief Engineer.

Members must be able to climb up and down stairs comfortably. Free tickets distributed at the ticket table in PSE&G Court, First Floor.

All activities and locations are subject to change.

**Jennifer Chalsty Planetarium and LSC Giant Dome Theater
(Second Floor) All tickets are \$2.50. Purchase at Box Office**

Black Holes: The Other Side of Infinity **6:15 pm**
A visualization and general introduction to the phenomenon of black holes, including speculation on their origin and contents. You'll even travel inside the black hole at the center of the Milky Way. Narrated by Liam Neeson. (approximately 35 minutes)

Wonders of the Night Sky **7:15 pm**
LSC's all-live signature show explores our planets and beyond. See the galaxy as it appears to the naked eye as well as through the eyes of NASA's robot probes, of the Hubble Space Telescope, and arrays of telescopes from around our planet. (approximately 35 minutes)

Winter Pop Laser Show **8:15 pm**
It may be cold outside, but it's warm and toasty in our theater! Rock out to pop favorites by Lady Gaga, The Beatles, Imagine Dragons, and more set to high-tech laser images. (approximately 35 minutes)

**Nikola Tesla Lightning Show
JDW Digital 3D Science Theater (Second Floor)**

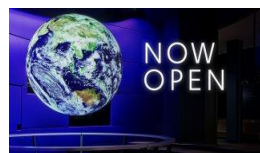

Time: 6:45 and 7:30 pm (approximately 20 minutes)
Explore the excitement of electricity with singing Tesla coils, robotic drums, and wireless illumination. Twin solid-state, one-million-volt Tesla coils produce bursts of musical lightning right in front of you in this live show.

Space is limited. **Free tickets distributed at the ticket table in PSE&G Court, First Floor.**

Weston Family Lab for Earth and Space Exploration **Second Floor**

Showtimes: 6:30, 7:00, 7:30, and 8:00 pm (approximately 10 minutes)
Experience a 10-minute presentation in our stunning glass gallery. *Science on a Sphere* is a glowing six-foot globe that truly brings Earth alive. **Space is limited. Free tickets distributed at the ticket table in PSE&G Court, First Floor. Latecomers cannot be seated.**

Activities: 6:00 – 8:30 pm, unless otherwise noted

LSC Airlines **First Floor, Skyscraper, Wind Tunnel Lab**
Learn about Bernoulli's Principle and the basics of flight. Modify a wooden airplane to make it as steady as possible and then test your plane in our wind tunnel! **Recommended for ages 7+. Sign up at Lab.**

MakerLab: 3D-Print a Chess Piece **First Floor, MakerLab**
Sessions at 6:00, 6:30, 7:00 and 7:30 pm (approximately 20 minutes)
Try out 3D printing in our MakerLab. **Ages 7+ only. Space is limited. Free tickets distributed at ticket table in PSE&G Court, First Floor.**

Live From Surgery: Heart Bypass **First Floor, Interactive Theater**
Sessions at 6:30 and 7:30 pm (approximately 30 minutes) This previously recorded surgery offers a unique opportunity to peer into an operating room as an LSC staffer answers your questions. Experience the dynamics of surgery, problem-solving, and teamwork in a real operating room. **Recommended for ages 12+. Younger members may attend with a parent's permission. Space is limited. Free tickets distributed at ticket table in PSE&G Court, First Floor.**

Kid Construction **Second Floor near I Explore**
Budding engineers: Help build a playhouse! Assemble colorful walls, windows, and doors while practicing fine motor skills and cooperative play. **Recommended for ages 2 - 5.**

The Great Take Apart **Second Floor, Governors Hall**
Ever wonder what the inside of your TV or radio looks like and how it works? Here's your chance to find out! Disassemble various electronics and try to identify as many components as possible. The tricky part is when you have to put it back together! **Ages 6+ only. First come, first served.**

Eco Engineers: Leaf-Cutter Ants and Naked Mole Rats (approx. 15 minutes)
Talks at 5:45, 6:15, 7:00, and 7:45 pm **Third Floor, Eat and Be Eaten**
Naked mole rat nests can span the size of six football fields. Leaf-cutter ants can build nests with 3,000 different chambers. Learn all about what make our favorite animal engineers so incredible! **Recommended for all ages.**

Leaf-Cutter Ant Race **Third Floor, Eat and Be Eaten**
Leaf-cutter ants use their mandibles to carry pieces of vegetation that are many times heavier than their bodies. Work together and test your ant skills in this fast-paced game. **Recommended for all ages.**
