

Activities: 6:00 – 8:30 pm, unless otherwise noted

Touch Tank 7:00 – 8:30 pm

Our Hudson Home, 4th Floor

In this hands-on experience, you will meet a variety of species that call the New Jersey shore home. Discover spiny sea urchins, carnivorous snails, and alluring shellfish. Get set to get wet and learn all about these fascinating ocean animals.

Member News and Information

Science Camp at LSC – Summer 2020

PSE&G Court, 1st Floor

Our 2020 offerings have expanded to include more fun, hands-on, inquiry-based enrichment opportunities for children entering grades 1 - 8. A camp representative will be here this evening so you can learn more about how to plan a summer full of science fun! Members always receive the best rate and sibling discounts are available.

March Member Madness Returns in 2020!

To thank you for your membership, we'll give away great prizes all month. Visit LSC any day (or every day!) in March to be eligible to win an LSC Birthday Party, LSC After Dark passes, theater passes, gift cards, and more!

Tonight's Member Raffle

- You are automatically entered with Box Office check-in
 - One entry per membership. Winners posted at 7:35 pm
- Check the screen in PSE&G Court as you exit this evening to see if you are a winner.

Welcome to the following restaurants that have joined our Dining Guide

Don't forget your LSC membership card when you visit!

- Mezcal Kitchen, Jersey City – Free dessert or choice of aguas frescas with purchase
- Houlihan's, Bayonne – 10% discount (certain restrictions apply)
- Houlihan's, Secaucus - 10% discount (certain restrictions apply)
- Blue Morel Restaurant and Wine Bar, Morristown – 10% discount

For a complete listing of participating restaurants, pick up a Member Preferred Dining Guide at the Membership Information Desk

Exhibition News

Wild Kratts: Creature Power! Opens February 1st

Based on the popular PBS Kids series, *Wild Kratts* is all about discovering wild creatures' unique "creature powers." Your creature adventure begins at the Wild Kratts HQ and continues through five distinct habitats. Slip through under bush like a jaguar, swing through trees like a monkey, hang on a rope like a sloth in the Tropical Rainforest, and more!

Thank you for your membership!

Time	Happenings	Floor	Location	Discount
5:30-7:30 pm	Dinner/Snacks	2nd	Café Skylines	10%
6:00-8:30 pm	Activities		All Floors	Free
5:30-9:00 pm	Exhibits		All Floors	*
6:00-9:00 pm	Shopping	1st	Gift Shop	10%

*Purchase tickets at Box Office to see *Angry Birds Universe: The Art & Science Behind a Global Phenomenon* (4th Floor). Member pricing: \$5.00 for adults, \$4.00 for children and seniors.

1st Floor, PSE&G Court

Take a selfie with everyone's favorite Droid, R2D2!

- Explore the future of flight when you check out Kitty Hawk's "The Flyer," a single-seat aerial vehicle that can fly 10 feet above water.
- Stop by and **color** one of your own special droids.

All activities and locations are subject to change.

Jennifer Chalsty Planetarium and LSC Giant Dome Theater 2nd Floor

All tickets are \$2.50. Purchase at Box Office.

One World, One Sky: Big Bird's Adventure (35 minutes)

Show time: 6:30 pm

Explore the night sky with Big Bird, Elmo, and a friend from China named Hu Hu Zhu. In this show, you'll learn about the Big Dipper, the North Star, the sun and the moon.

Space: The Ride (30 minutes)

Show times: 7:15 and 8:15 pm

Experience full-dome immersive theme-park type rides above the methane lakes of Saturn's moon Titan, through the canyons of Mars, and inside the rings of Uranus. We also feature 'real' flights to the Orion Nebula and the Pleiades. As with our *Wonders of the Night Sky* show, *Space: The Ride* uses the night sky as the departure point for these flights into the cosmos—showing people where to find Mars in the morning sky, for example, before they ride the roller coaster through Martian canyons.

JDW 3D Science Theater 2nd Floor

All tickets are \$2.50. Purchase at Box Office.

Volcanoes: The Fires of Creation (25 minutes)

Show Times: 7:15 and 8:15 pm

Join intrepid explorer Carsten Peter as he dodges boulders at the edge of an active volcano in Indonesia. Descend to a boiling lava lake in Vanuatu. And visit incredible acid ponds, geysers, and mineral deposit fields in Ethiopia.

Weston Family Lab for Earth and Space Exploration 2nd Floor

Drop in! 5:45 – 6:15, 6:45 – 7:15, and 7:45 – 8:15 pm

Hear an informal discussion of how data received LIVE from NASA and NOAA allows us to monitor in real time tsunamis, earthquakes, hurricanes, tropical storms, and volcanoes.

Behind the Scenes!

Penthouse Tour

Tour times: 6:30, 7:15, and 8:00 pm (approximately 35 minutes)

Space is limited. Free, but ticket required. Ages 12+ only.

How do LSC engineers keep this beautiful building cool in the summer and warm in the winter? Put on a hard hat and visit our Penthouse to learn how our dedicated engineers keep LSC running! Small group tours are led by our Chief Engineer. **Members must be able to climb up and down stairs comfortably. Free tickets distributed at the ticket table in PSE&G Court, 1st Floor.**

LSC Artist-in-Residence Chico MacMurtrie

Governors Hall, 2nd Floor

Chico MacMurtrie is a creative, innovative robotics expert. You will be able to see a piece in his latest project called *Border Crossers*. The lightweight robotic sculpture is made of strong fabric tubes controlled by a robotics system that triggers it to inflate. As these unique robots "grow," they form high arcs and connect into bridge-like structures. To MacMurtrie, this project "envisions technology as a positive tool to establish dialogues beyond borders..." The first activation will occur in September at the Border of Juarez, Mexico, and El Paso, Texas, in collaboration with the Rubin Center for the Visual Arts at the University of Texas, El Paso.

Activities: 6:00 – 8:30 pm, unless otherwise noted

Meccanoid

Center for Learning and Teaching, 1st Floor

6:00 – 7:00 and 7:30 – 8:30 pm

Come meet LSC's very own robot, Meccanoid.

Live From Robotic Surgery

Interactive Theater, 1st Floor

Peer inside an operating room in this pre-recorded surgery. Watch the whole operation or just stop in and take a look.

Drone Obstacle Course

Eat and Be Eaten, 3rd Floor

Robots are not just for rolling across flat surfaces. Some can fly! Practice flying drones through our robot-themed obstacle course.

Coding Boot Camp

Microbes Rule! Lab, 3rd Floor

Coding, like any language, takes many forms. Test your coding ability by programming real robots to complete challenges. Recommended for ages 5+

Cubelet Design Challenge

Our Hudson Home Lab, 4th Floor

The way a robot functions is determined by its design. Design and build your own robots to complete various tasks, then watch them work.
